EXPERIENCE

Freelance Technology & Gaming Writer · Tech Nerdiness, Remote

Jul 2025 - Present

- Write technology and gaming news, reviews, and explainers as an independent contributor, managing pitches and deadlines across multiple outlets.

Gaming Editor · Beebom Media, Noida

Jan 2024 - Jul 2025

- Grew and managed coverage across Fortnite, Roblox, and NYT Connections, taking Fortnite from 10,000 to 250,000+ monthly views and NYT Connections to 2 million+ views from inception.
- Reported on industry news and analysis, including a piece tracing GTA 6's delay back to Take-Two's own earnings call commentary.
- Wrote personal-voice opinion pieces on consumer-facing gaming issues, including Xbox's game price increases and Assassin's Creed Shadows' internet requirement.
- Built and led a team of six writers while continuing to write and publish reviews, news, and features personally.
- Planned coverage of major releases including Elden Ring Nightreign, Starfield, and Doom: The Dark Ages with the managing editor, editing the resulting reviews and guides for accuracy and voice.

Operations & AI Strategist · Beebom Media, Noida

Mar 2023 - Dec 2023

- One of the first writers on Beebom's AI coverage beat; reported on OpenAI's removal of CEO Sam Altman and Google's launch of its Gemini AI model as they broke. First major AI piece drew 600,000 views in 3 days.
- Covered the leaked GTA 6 trailer and Vice City reveal, and wrote a hands-on review of Marvel's Spider-Man 2.

Researcher & Technology Writer · Beebom Media, Noida

May 2021 - Mar 2023

- Wrote hands-on hardware reviews, including the Lenovo Legion 5i Pro, MSI Raider GE67 HX, and GoPro Hero 11 Black.
- Covered early generative AI tools as they launched, including GPT-4, Google Bard, and Microsoft's Bing AI integration.
- Wrote explainers on emerging technology topics, including Web3 and the metaverse, for a general technology audience.

Co-Founder & Entertainment Editor · The Envoy Web

Jan 2019 - May 2021

- Co-founded The Envoy Web, an entertainment publication that grew to 5 million+ views, and led its content strategy and editorial planning.
